— WELCOME

We are pleased to announce the **Call for Papers** of the next **'International Congress and Exhibition on Aluminium Brazing'** - scheduled in May 2023. This event will be combined with the **'Conference on Aluminium Heat Exchanger Technologies for Heating, Ventilation, Air Conditioning and Refrigeration (HVAC&R)'**.

For 25 years - since 2000 - the **'Aluminium Brazing'** brings together professionals of the aluminium heat exchanger industry with their broad scientific and technological backgrounds as well as experiences in design and application of their products. The congress in May 2023 will be an excellent opportunity for meeting once again in person with leading specialists and authorities.

A comprehensive range of topics will be presented and exhibited - to inform about new developments, perspectives, and trends. Valuable input is provided reaching from research and development to production and use.

Industry experts, researchers and other decision makers have the opportunity to promote their technologies and products by means of presentations, comments and technical discussions.

— ORAL PRESENTATIONS – ABSTRACT SUBMISSION

Abstract Submission

Interested authors are kindly invited to submit firstly their abstracts. Please use the DVS Online System to submit your abstracts for oral presentations:

www.dvs-events.com

Abstracts (max. 200 words) in English language should be uploaded by **November 30, 2025!**

Presentation time is 20 to 25 minutes with a further 5 minutes at the end for questions and discussion with the participants.

Your contributions will be reviewed by the Program Committee. Papers selected for the event program are published in the DVS Conference Proceedings, which will be available at the conference.

All manuscripts (technical papers for the presentations) must be written in English and submitted electronically! The manuscript deadline for all contributions will be **April 4, 2025**.

Presenting authors will be granted a reduced congress attendance fee (30% of the conference fee).

— SUBJECTS CALL FOR PAPERS

- | | |
|-------------------------------------|----------------------------------|
| 01 Materials | 06 Testing & Design |
| 02 Applications | 07 Corrosion |
| 03 Equipment | 08 Standards |
| 04 Process & Quality Control | 09 HVAC&R and HX products |
| 05 Research & Development | |

— EXHIBITION

In addition to the presentations, there will be an **Exhibition** from **May 6 – 7, 2025**, where companies will have the opportunity to present themselves to an international audience. Exhibition spaces and counter displays (1-3 sqm) will be prepared in the lobby area of the hotel. Because of limited exhibition space, we recommend to book early (first come first serve).

— PROGRAM COMMITTEE

Technical Chair:

Swidersky, H. Solvay Fluor GmbH, Hannover

Representatives:

Grünenwald, B.	MAHLE International GmbH, Stuttgart
Gutmann, S.	Solvay Fluor GmbH, Hannover
Jahn, S.	ifw Jena – Günter-Köhler-Institut für Fügetechnik und Werkstoffprüfung GmbH, Jena
Rauscher, L.	DVS – German Welding Society, Dusseldorf
Schmitt, W.	Solvay Fluor GmbH, Hannover
Sicking, R.	Hochschule Rhein-Waal, Kleve
Tank, S.	DVS Media GmbH, Dusseldorf
