Federation and International Institute of Welding

SUDURA 2021/WELDING 2021 Conference
Reșița, 22-23.04.2021

PAPERS REGISTRATION FORM

The International Conference "SUDURA 2021/WELDING 2021" is organized in Reșița in the year in which 250 years of industrial activity are celebrated. To mark this event, the plenary session of the conference will include a commemorative paper on the evolution of welding at factories in Reșița in the last century.

The conference is addressed to specialists in industry, research and higher education.

The Conference "SUDURA 2021/WELDING 2021" has a broad topic including new developments in the field of welding in terms of processes, materials and applications.

Special emphasis will be given to the following topics:

- Current status and trends in the development of welding and joining, including additive manufacturing
- Ecological welding - from design to recycling
- Digitization of education and training activities in the field of welding.

The official languages of the conference are English and Romanian.

The conference program will include a special section dedicated to student creativity.

A technical-commercial section will also be organized for interested suppliers of equipment, consumables and services.

The conference, its actions and related events will take place at the UBB University Center in Reșița, Traian Vuia Square, Nr. 1-4.

If, due to the pandemic conjuncture, the conference cannot be held face-to-face, it will be held online.

Registration of papers

It is done by completing and sending the attached form, together with the abstract of the paper (150 - 200 words) to the ASR Secretariat in electronic format at the email address anca.dumitriu@asr.ro.
